of all Mill for facility being Market being Accounts a continue and highly and all adjustes thought a suprement 100 for behavior of 100 for behavi

You expect market leading performance. That's why we base our money market index account on the Money Fund Report Averages, instead of setting the rate at will, like some banks do. It's a strategy that has earned us Datatrac's 2007 Great Rate award and why you can count on us to help you get financially fit.

M&I's rate outperformed
