Man

No matter what the market's doing, there's *always* a way to come out ahead. It starts by knowing what's going on in the market...who's performing...and who pays you more. Consistently. More. That's why **M&I's** Market Index Account is part of *my* investment strategy. **M&I Bank** pays me more. It's that simple. And the numbers back that up. **M&I** has been named Datatrak's 2007 'Great Rate' award winner, because **M&I's** money market index account rate outperformed the market average for a *solid* year. **M&I's** rate is based on the Money Fund Report Averages.<sup>TM</sup> So, with M&I, you get a strong rate that *consistently* meets or exceeds money market mutual funds—without the risk. Get financially fit with the *award-winning* M&I Money Market Index Account. For current rates visit [mibank.com](http://mibank.com) or call 1-800 M-I BANKS. To learn more about the great rate award, visit [mibank.com](http://mibank.com) (Disclosure) Earn a high rate of return with a qualifying balance of \$10,000 or more in the FDIC insured M&I Money Market Index Account.
